

Stoke Orchard and Tredington Parish Council Action Plan 2022/23

Adopted at the Parish Council Meeting on 1 February 2022, to be reviewed quarterly and updated at the February 2023 Meeting

Parishes are the smallest areas of civil administration in England and provide the statutory tier of local government closest to the people. Parish councils are an essential part of the structure of local democracy and have a vital role in acting on behalf of the communities they represent.

They:

- Provide views on behalf of the parish, on planning applications and other proposals that affect the parish
- Undertake projects, family events and schemes that benefit local residents
- Work in partnership with other bodies to achieve benefits for the parish
- Alert relevant authorities to problems that arise or work that needs to be undertaken
- Help the other tiers of local government keep in touch with their local communities

Parish councils have a wide range of powers which essentially relate to local matters, including looking after community buildings, open space, play areas, war memorials, etc. They also have the power to raise money through taxation, the precept, which is the parish council's share of the council tax.

Stoke Orchard and Tredington Parish Council strives to work on behalf of parishioners on the issues that matter to the villages. In order to help plan for the year ahead, it has created an Action Plan which details the key objectives and actions it hopes to achieve during 2022/23, in addition to its overall responsibilities.

The parish council is always keen to receive ideas and suggestions from parishioners on particular areas of interest or concern and where it is felt the parish council may assist - please contact the clerk, contact details below.

This action plan will enable parishioners to be kept fully informed of what is being planned and what has been achieved in the parish. It will be reviewed quarterly and updated annually.
